La Brea Avenue Pavement Reconstruction, Phase 2

NOTICE OF ROADWAY RECONSTRUCTION

Dear Resident/Property Owner,

In order to improve ride quality and appearance and extend the useful life of the pavement on La Brea Ave, the City of Inglewood has retained Sully-Miller Contractors, (Contractor) to perform full depth reconstruction of roadway, pedestrian and traffic improvements on La Brea Avenue from Hillcrest Boulevard south to Hawthorne Boulevard at 104th Street (City Limit). Construction is scheduled to begin May 6, 2013, and the project is scheduled for completion, barring any delays due to weather conditions or other unforeseen delays, by September 25, 2013.

The expected hours of work will be from 8:30 PM to 5:30 AM for major roadway reconstruction and 8:30 AM to 4:30 PM for pedestrian and traffic improvements. The work will take place Sunday Evening through Saturday Morning.

Because of this construction, you may experience minor inconveniences such as traffic delays, loss of street parking, construction noise, dust, etc., even though every effort will be made by the City and the Contractor to minimize these inconveniences and allow access to individual properties. It is anticipated that trash pick-up will not be affected and will be picked up on their normal schedule.

Efforts to minimize inconvenience to the surrounding businesses include scheduling the majority of the work during nighttime hours, requiring driveway access to be maintained to the maximum extent feasible, expediting the construction schedule, and establishing a 24-HOUR HOTLINE number for receiving up to date project information (see below for details). In addition, changeable message signs will be placed on La Brea Ave to inform the public of the schedule.

Your cooperation in observing all traffic controls, parking restrictions, and flagmen will sincerely be appreciated and will help in expediting construction.

Should you have any questions regarding the project, please call the project hotline number listed below. You may also email any comments or questions to Chris Baca at cbaca@willdan.com. All phone calls and e-mails will be responded to within 24 hours.
